Statesville, NC 28625

Dear Sirs:

Christ Episcopal Church would like to sincerely thank you for the beautiful Our Lady of Guadalupe Stained Glass Window you have created for us. The artist you chose did a wonderful job creating a piece which matches the artwork of our other stained glass windows displayed in our Church. We have already received many wonderful comments on the window.

We are also very pleased with the crew you sent to deliver and install the light box and window. The men were informative, respectful and professional at all times. They left their work area in the Church clean upon completion.

Thank you again for the excellent service. We will definitely consider Laws Stained Glass if a need arises for additional stained glass artwork for our Church.

Sincerely,

Mr. Alan Selway
